ROCKEFELLER HOME TODAY

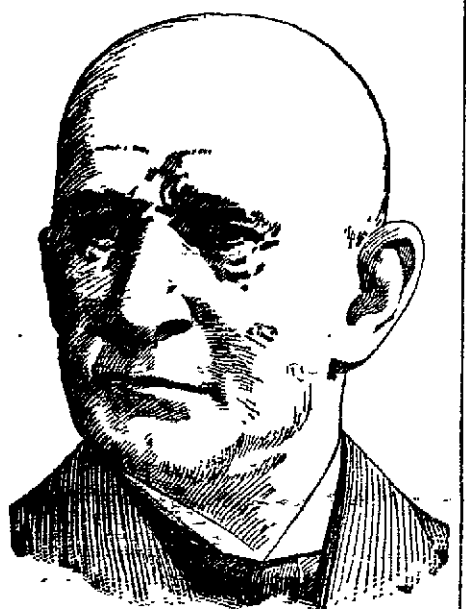

He Declines to Talk About
Criminal Proceedings
At Findlay.

BUT REGARDS CASE LIGHTLY

COINCIDENT WITH HIS RETURN OIL
BREAKS IN PRICE.

Passengers Say Oil King Was Soul
of Good Humor on
Ocean Trip.

New York, July 28.—Sun browned
and healthy, but still of the opinion
that the United States is a pretty
good place to live, John D. Rockefeller
returned home this afternoon. Mr.
Rockefeller and party went at once
to his estate, at Pocantico Hills, but
will leave for Cleveland early next
week. Mr. Rockefeller would not
talk of the criminal proceedings

brought against him in Findlay, O.
courts, and that he regarded them
lightly was evidenced by the hearty
laugh when the reporter asked him
what he had to say about them.
Across the Atlantic the oil king was
the soul of good humor and democ-
racy, the passengers said.

New York, July 28.—The liner Amer-
ica arrived today with John D.
Rockefeller and party. Mr. Rocke-
feller was not to be seen on arrival
at quarantine.

Toledo, O., July 28.—Coincident
with the arrival home from Europe
of John D. Rockefeller, a break of 3
cents in the price of eastern oil and
2 cents in western was posted by the
Standard company today. This is the
first change in oil prices in months.

ture of iodine taken internally dur-
ing the night.

TWENTY INJURED

Bomb Thrown from Elevated Train
Explodes in Group of Plumbers
in New York.

New York, July 28.—A special force
of detectives is at work today trying
to run down the perpetrators of a
bomb outrage last night when two
bombs were thrown from the platform
of a moving elevated train into a
group of members of the plumbers and
gas fitters' union. The bomb throwing
occurred while 300 members of the

union were standing on the sidewalk
in front of the hall awaiting to attend
a meeting. Twenty men were knocked
down and were so seriously hurt that
it was necessary to remove them to a
hospital. There has been serious trou-
ble between the two unions and the
police connect the bomb throwing with
this enmity. One union has been on a
strike and the other has worked. The
bombs were loaded with powder and
charged with bits of steel and stones.

HOKE SMITH'S NEPHEW MISSING

Believed Young Man is Wandering
Over Country Temporarily De-
ranged from Overstudy.

Houston, Tex., July 28.—Hoke Mc-
Ashan, son of J. E. McAshan, a prom-
inent banker of this city and ex-pres-
ident of the Texas Bankers association,
who disappeared from the University
of Texas law school last Sunday, is
still missing after almost a week of
search. It is believed that the young
man is wandering over the country
temporarily deranged, on account of
his intense application to his studies.
The missing youth is a nephew of Hon.
Hoke Smith of Georgia.

BRYAN ACCEPTS

Monster Reception to be Given in His
Honor in Louisville, Ky., by
Democrats.

Louisville, Ky., July 28.—John W.
Vreeland of the Democratic state cen-
tral committee received a cablegram
from William J. Bryan accepting the
invitation recently extended Mr. Bryan
to attend a monster reception in his
honor to be given at a date to be se-
lected later. It is planned to make
the gathering Mr. Bryan's southern
welcome, and invitations will be ex-
tended the governors, congressmen
senators and prominent politicians of
all the southern states.

PLAGUE SPREAD IS PREVENTED

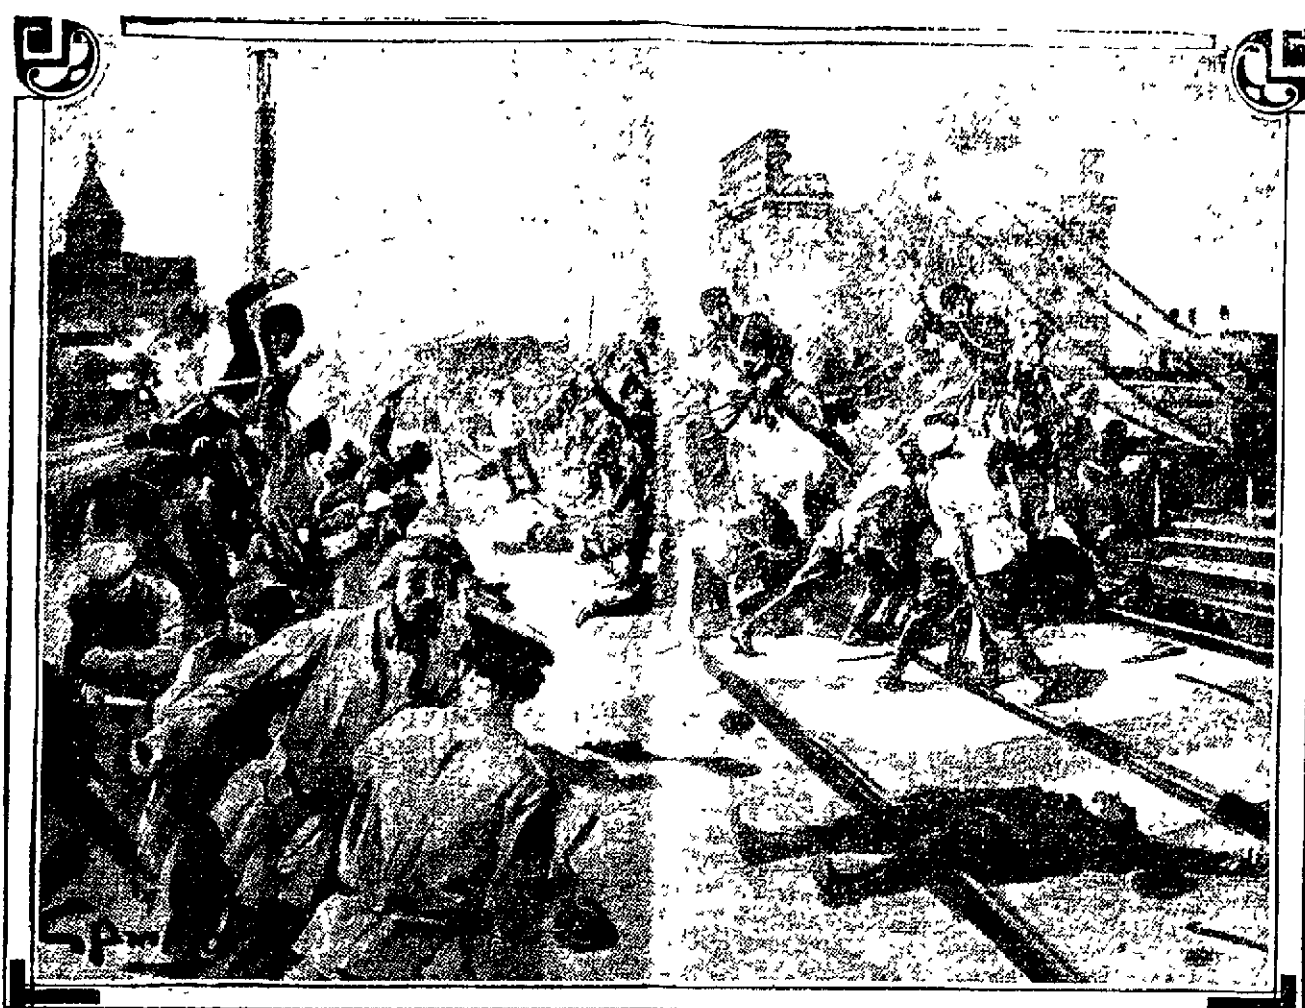

BY THE THOROUGH METHODS OF
THE JAPANESE HEALTH
DEPARTMENT.

Reward Offered for Rats Dead or
Alive and They Are Then Dis-
sected for Germs.

Washington, July 28.—An illustra-
tion of the thoroughness of Japanese
methods is given in a report just
made by Assistant Surgeon Cumming
to the public health and marine hos-
pital service, describing Tokio's way
of fighting the spread of the plague.

Says the report: "There is a stand-
ing offer of 5 sen (2 1-2 cents gold)
for every rat dead or alive, delivered
to any police box in the city. Upon
delivery the policeman gives a ticket
for the money, payable at the nearest
police station. He then ties to the
rat a wooden label showing at what
place it was found and drops the rat
into a covered tin box. Each day a
wagon collects these boxes and car-
ries them to the central station, or
to a branch near Hondo. The rats are
laid in rows on long tables and
opened by assistants. Blood smears
from the spleen or heart are taken,
there being eight smears from a row
on each slide. These are fixed by
flame, stained with gentian-violet,
and examined, there being four prin-
cipal and five assistant physicians at
the central station for this work.
Should plague-like bacilli be found
the rat corresponding to the slide is
taken and from the wood label placed
in it by the policeman the house from
which it came is found and proper
and thorough measures are at once
taken to thoroughly clean the prem-
ises. If necessary the whole block is
surrounded by a galvanized fence to
prevent access of rats and a cordon
is used to isolate the square. From
9,000 to 10,000 rats per day are
caught and examined. Essentially
the same method is used in Yoko-
hama, but no infected rats have been
reported for many days.

SULTAN

Resolved to do all He Can to
Block wishes of the
United States

Constantinople, July 28.—John G. A.
Leischman, who was recently elevated
to be United States ambassador to
Turkey, has sent the Sultan an auto-
graph letter from the President in re-
gard to the raising of the former leg-
ation to an embassy. The Sultan,
however, is resolved to do everything
in his power to block the wishes of
America in regard to establishing an
embassy in his capital. He is giving
the embassy incident all possible im-
portance believing he will gain great
glory if he can defeat the desires of the
United States.

Abdul Hamid is taking extreme
measures to show his displeasure with
the United States. He directed what
amounted to a public insult to Leisch-
man when he arrived at Constantino-
ple this week. No representatives of
the Sultan met the ambassador at the
station, an honor which is invariably
shown to persons in the diplomatic
service.

ACCIDENTALLY

Was American Officer Killed
Today by Bullet from
French Cruiser.

(Bulletin.)

Chee Foo, China, July 28.—Lieut.
Clarence England, of the U. S. cruiser
Chattanooga, was wounded this
morning by a bullet from the French
cruiser Dupetit Thours and died this
(Saturday) evening.
The French squadron was engaged
in naval arms practice as the Chat-
tanooga passed the warships on her
way outside to engage in target prac-
tice. England was on the bridge.
Several bullets struck the side of the
Chattanooga and she signalled the
French vessels to stop firing. Be-
fore the signal was understood, Eng-
land was struck in the back, probably
from a ricochet bullet. England was
a native of Arkansas.

TROLLEY CARS

Collide at Johnstown, Pa., With Fatal
Effect—Heavy Cars Are
Demolished.

Johnstown, Pa., July 28.—Four per-
sons were probably fatally injured
in a head-on collision of trolley
cars on the Winder line of the John-
stown railway company. Sixty Ob-
ley of Winder, whose skull was struck,
will die, while Mrs. W. I. had Mrs. I.
and E. H. P. were received injuries
the recovery from which is doubtful.
The collision was caused by a failure
to obey orders relative to taking a sid-
ing. The cars, which are of the heavy
suburban type, were demolished.

ASKS HELP IN FIXING RATES

Chairman Knapp Requests
Cooperation of Roads in
Observing Law

SCHEDULES TO BE EXHIBITED

CALLS FOR SUGGESTIONS AS TO HOW
BEST TO PROCEED

Letter Addressed to All Railroad
Companies and Corporations in
Reference to Law.

Washington, July 28.—Chairman
Martin A. Knapp of the interstate
commerce commission, on behalf of
the commission, has directed a letter
to all the railroad companies and co-
porations of the United States direct-
ing their special attention to section
six of the recently enacted railroad
freight rate law.

The section provides that every
common carrier subject to the provi-
sions of the act shall file with the
commission and keep open to the
public for inspection schedules
"showing all the rates, fare and
charges for transportation between
different points on its own route and
points on the route of any other car-
rier by railroad, pipe line or by water,
when a through route and joint rate
have been established."

After quoting in the letter the
whole of section six of the law, Chair-
man Knapp said:
"It is manifest that existing sched-
ules must be changed or amended to
bring them into compliance with
the provisions of the law above set forth.
These changes can be made most sat-
isfactorily through the co-operation of all
carriers subject to the law.
"To that end I am requesting that
you immediately confer and
to the commission
procedure respecting
such changes ne-
cessary to be made in
the law."

OVER ONE MILLION IMMIGRANTS.

Washington, July 28.—It is official-
ly announced that the number of im-
migrants to the United States for the
year ended in 1905 was 1,244,000.
The number for 1904 was 1,244,000.

UPTON SINCLAIR ACCEPTS HONOR.

Trenton, N. J., July 28.—Upton Sin-
clair, author of "The
Jungle," was the
recipient of the
highest honor of the
city. He was
conferred the
honorary citizenship
of the city of Trenton.
The distinction
was conferred upon
him by the city
council.

OUTCRY

In Germany Over Report Made
By Consul Brittain
Of Ohio.

Berlin, July 28.—There is an outcry
against the American consul at Kehl
on the ground that in his consular re-
port published in Washington and
sent throughout the country he stated
there were appalling adulterations of
food in his region. The newspapers
urge the government to demand the
recall of the consul whose report is a
liability on Germany.

Washington, July 28.—The American
consul at Kehl is Joseph I. Brittain of
Ohio. He is regarded by the state de-
partment as among the best officials
in the foreign service. The matter re-
ferred to was given out for publication
by the bureau of manufacturers.

Official publication of the consular
trade reports shows that Brittain
merely transmitted excerpts from Ger-
man papers on the subject. In view of
this fact it is not likely that the gov-
ernment will consider seriously the
complaints made against Mr. Brittain.

DOCTOR BILL

For \$25,000 For Seven Days
Services Rendered by
Dr. Billings

Chicago, July 28.—That the big fees
of physicians for professional services
are not mythical, but have solid founda-
tion in bills rendered and no doubt
paid, was demonstrated by court re-
cords when Dr. Frank Billings, through
his counsel, filed in the probate court
a sworn claim for \$25,000 against the
Marshall Field estate. The bill is for
seven days professional attendance on
Mr. Field in a New York hotel when
he was suffering from the attack of
pneumonia that caused his death.

Reckoned by days the fee is approx-
imately at the rate of \$3,571 a day and
is believed to be one of the largest ever
charged by a physician in the United
States for services that did not include
the performance of a surgical opera-
tion. It has been announced that there
is no intention on the part of the exec-
utors of the estate to contest the claim
of Dr. Billings. The estate accepted
services of the physician.

JEALOUSY

Causes Tragedy at Linn—Hans
Bernd Dying and the Girl is
in Prison.

Linn, Vt., July 28.—The tragedy
which occurred here last night, the
murder of Hans Bernd, a young man
of 21, and the girl, is being
investigated by the
prosecutor.

burg, with a bullet in his brain. Ham-
berick with Miss Layman and several
friends had been drinking in a hotel.
Hamberick showed some attention to
Miss Layman and Miss Layman ob-
jected. Words ensued and later
when Hamberick attempted to walk
across the room with the long girl,
Miss Layman pulled a revolver from
her dress and fired. Hamberick fell
to the floor in a dying condition and
was sent to a hospital. Miss Layman
was arrested and placed in jail.

WORKMEN ARMING FOR AN UPRISING

French Vice Consul Receives Very
Disquieting News—Revolution-
ists Are Active.

Khairov, July 28.—The staff corres-
pondent here of the Associated Press
finds that the revolutionists are active
in preparing for an armed uprising
and a proclamation of the republic
of Khairov in the autumn. The
French vice consul here has received
very disquieting news from French
industrial establishments. At Yuzvka,
the principal smelting center in the
south of Russia, 40,000 workmen have
armed themselves and have organized
a disciplined rifle legion of 1,000 mem-
bers under former army officers. The
Russian troops are useless in the
emergency, having fraternized with the
strikers almost continuously.

CIGARETTES

Are Used Freely by English Society
Women—May Goet's Wedding
Present.

London, July 28.—The wedding gift
of the Duchess of Roxburg, formerly
Miss May Goet of New York, to Lady
Unah Hely Hutchinson, shows how
prevalent the cigarette smoking habit
is now among the young English so-
ciety women. It was a complete cigar-
ette outfit, the match safe, cigarette
case and lighter being in gold, with
an amber mouthpiece.

The Duchess is a great devotee of
the "weed." At the Duchess of West-
minster's party the other evening
when the ladies retired to the draw-
ing room she introduced an innova-
tion by producing her dainty gold cig-
arette case and, asking permission of
her hostess, handed it around.

When the men came up they found
nearly all the ladies smoking and the
drawing room wreathed with cigar-
ette smoke.

FAMOUS FAT BOY DIES IN ILLINOIS

Arcola, Ill., July 28.—Provie Henry,
known throughout this section as "the
Akwold fat boy," is dead. He was 19
years old and weighed 400 pounds. His
parents are under the usual size as his
father weighs but 115 pounds. His
death was due to fatty degeneration
of the heart.

INDEPENDENT

Judge McCray May Run and Try to
eat "Trust" Politics.

Indianapolis, Ind., July 28.—Ex-
Judge Franklin McCray announced
last night that he may become an in-
dependent candidate for Congress in
this district. He declares there is a
trust among the Republicans that
taints the party and makes nearly all
nominees. Anti-machine Republicans
are urging him to run.

The authorities are investigating the
death of Frank Reynolds, the book-
maker of St. Louis, who fell or jump-
ed from a window in the fifth floor of
Martin's restaurant in New York, capital.

DISORDER AT MANY POINTS

Indications are That Peasant Disturbances Have Begun in
Earnest—General Russian Uprising is Feared
---Mutiny in Black Sea Fleet

WARSAW, July 28.—(Bulletin.)—Ten revolutionists attacked a train
near Gornostolova and killed Count Zucato, commanding the brigade of
frontier guards, General Westering, commanding the customs guards, M.
Domienko, cashier of the customs, and wounded five soldiers. The re-
volutionists then escaped with 16,000 roubles.

ST. PETERSBURG, July 28.—There has been further mutinying on
the part of sailors of the Black Sea fleet, according to dispatches from Sev-
astopol, today. Sailors on two warships mutinied but the revolt was put
down. The warships were declared out of commission and the crews were
scattered about.

ST. PETERSBURG, July 28.—Indications are that the peasant disor-
ders which it was expected would follow the circulation of the manifesto
of the dissolved Duma, have begun in earnest. Today's advices show that
agrarian disturbances are breaking out in many districts. The outbreaks
are regarded by the revolutionists as the forerunners of a general
uprising. That the government is guards the movements of dangerous
is shown in the extraordinary efforts that are being made to check them.
Every dispatch which indicates a capital shows that the situation is be-
coming grave.

tle of his past.

CONSTANTINO NOT
MRS. GENTRY'S SLAYER

Man's Innocence Declared by Mur-
dered Woman's Husband—The
Prisoner Will be Freed.

(Bulletin.)

Poughkeepsie, N. Y., July 28.—
Fritz Constantino, held here for the
murder of Mrs. Arthur Gentry in Chi-
cago on January 6, was discharged
from custody this morning. The hus-
band of the murdered woman and
George W. Scott declared that the
prisoner was not the man wanted.

Scott arrived this morning and at
8 o'clock met Gentry at the sheriff's
office. They discussed the matter
briefly, and Gentry told Scott he did
not believe the right man was in
custody. At 9 o'clock the two men
were conducted to the jail and Con-
stantino was lined up with several
other prisoners. Scott immediately
pointed to Constantino as looking
like the man wanted, but stated posi-
tively he was not the man he had
known as Frank Constantino in Chi-
cago. Detective Sergeant Sheehan of
Chicago, who was present immedi-
ately declared he was satisfied that a
mistake had been made and Constan-
tino was released. Gentry walked
over to Constantino and shook hands
and expressed regret that the young
man had been so greatly annoyed.

The party then went to the sheriff's
office, where Constantino was given
his money and papers and formally
released. With his lawyer he took
the first train for New York. Gentry,
Sheehan and Scott will return to Chi-
cago today.

Poughkeepsie, N. Y., July 28.—Fritz
Constantino, who was arrested at
Tivoli last week charged with the mur-
der of Mrs. Arthur W. Gentry of Chi-
cago, on January 6 last, will be dis-
charged from the Dutchess county jail
this afternoon.

Arthur W. Gentry, the husband of
the murdered woman, saw Constantino
early in the day and was impressed
with the prisoner's close resemblance
to the man who had roomed at his
house last January and had taken the
life of his wife.

Last night Gentry had a long inter-
view with the prisoner. At the con-
clusion he shook hands with the pris-
oner and said: "He is not the man."

AMERICA'S CHAMPION MARKSMAN

RECOMMENDS

ZELL TRADE MARK NERVE TABLETS

Sergeant Orr's Letter

Nerve troubles are real. They lead to disastrous results. That may happen to any one. Zell Nerve Tablets feed starved nerves. That's why they restore perfect health. They build nerve strength. They tone up the nervo-spinal system and make rich red blood.

Read what Sergeant Orr, winner of the Sea Girt championship medal for rifle shooting, says about Zell Nerve Tablets:

THE ZELL DRUG CO., Galion, Ohio.
Galion, Ohio, Sept. 15, 1905.
I am writing to express my appreciation of your valuable Nerve Remedy—Zell Nerve Tablets. When I began practicing for the annual State Shoot last summer, I was weak, nervous, and far from condition for such an ordeal. I decided on your remedy, the proper use of which in my case, and used it during my practice and during the shoot. I was highly gratified, he able to win the championship of Ohio in this shoot, and to be selected as one of the contestants in the National Military Competition at Sea Girt. My success I attribute largely to the use of your remedy, and continued use of them up to and during the Sea Girt Shoot, and give it credit for assisting me materially in the winning of the title which I have won. The Champion Military Rifle Shot of the United States. I regard your remedy as a most valuable one, and would advise any one needing a Nerve Remedy to at least give Zell Nerve Tablets a trial.

THE TEMPERANCE PEOPLE WIN FIGHT

For the first time in its history Cannelville is to be without saloons. This decision was made yesterday at the local option election held in the town, the temperance element winning by the small margin of three votes. In all 165 votes were cast, the "wets" getting 51 and the "drys" securing 54. At present there is but one saloon in Cannelville, run by Bratton & Neff. There were three saloons in the town before the \$1,000 Aikin tax became effective, two of the proprietors forming a partnership and the third retiring altogether. Rumors from Cannelville say the result may be contested. Roseville will have a local option election August 9.

DISMISSED BY POLICE JUDGE

WAS CHARGE OF FALSE PRETENSE MADE AGAINST R. O. DECROW.

Newark Man Found to be Innocent and Judge Promptly Let the Case Drop.

R. O. DeCrow, the Newark young man, who was arrested at Columbus on the charge made by Milton Hovey, a Capital City politician, has been dismissed by Judge Wildermuth.

Mr. DeCrow, who was stopping at the Neil House in Columbus during the week, was accused by Mr. Hovey of securing money under false pretenses. The prosecuting witness claimed that he had endorsed a check for \$50 for Mr. DeCrow on the representation that the latter had \$300 deposited with the Land Trust company of Pittsburg. The check was returned Thursday stamped "no funds."

Mr. DeCrow declared that he did not know that his bank account was overdrawn and in court he was discharged, as it was found that he has a bank account with the Land Trust company, but that he had overchecked his deposit without knowing it. The same conditions hold in the other cases and nothing will be done in regard to it.

Mr. DeCrow has a large number of friends in Newark who will rejoice over his vindication.

BOILER EXPLODES.

Result of a Murderous Assault Upon a Mine Engineer.

Pittsburg, July 28.—George Seibert, a watchman at the Patterson & Robinson coal plant on the Monongahela river, eight miles from this city, was beaten with a club into insensibility by John Hollis, who subsequently fired five shots into Seibert's body and then made his escape. Seibert regained consciousness and crawled to a physician's office, where his wounds were dressed. Seibert had charge of the engines and the coal tipple of the plant, and while he was at the physician's office the boiler of the engine exploded, wrecking the tipple and setting fire to the power hoist, hoisting machinery and four dwellings occupied by workmen about the plant. The loss is estimated at about \$75,000. Hollis is said to have had a grudge against Seibert and attempted to kill him out of revenge.

OHIO FUEL CO. TO SUPPLY GAS

NATURAL GAS FROM KNOX AND LICKING COUNTIES TO BURN IN SPRINGFIELD.

Ordinance Granting Franchise Was Thoroughly Discussed by Council Friday Night.

Springfield, O., July 28.—General Manager J. M. Garard and C. E. Crawford, directors of the Ohio Fuel Supply company, were here yesterday afternoon in conference with J. W. Leonard of Pittsburg, in regard to his application for a natural gas franchise. This company has agreed to furnish Leonard natural gas in opposition to the Springfield Gas company.

The ordinance granting Mr. Leonard a twenty-five-year franchise was thoroughly discussed at a meeting of the council committee of the whole last evening. Several minor changes were made in it, so as to more thoroughly safeguard the city and require Leonard to carry out the conditions of the ordinance. It is expected that the ordinance will be passed at the next meeting of the council.

Mr. Garard says his company can lay the main gas line from South Charleston in 30 days, and Mr. Leonard says the city can be piped in 60 days. Mr. Crawford is on his way home from an inspection of the fuel company's line from Columbus to Norwood. Mr. Crawford, whose home is at Embleton, Pa., is making the trip in an auto, accompanied by his wife.

LEASING LAND FOR OIL COMPANIES

Agents who are supposed to be representing various oil companies, including the Consumers' Gas and Oil company of Columbus, are leasing land between Pataskala and Columbus for the purpose of eventually drilling in the territory for oil and gas. Several days ago oil was struck north of Pataskala and created considerable excitement. The flow of the well was not given out by the owners, who roped it in and posted notices "Keep Out," with the result that very little definite information could be secured of the strike.

Drillers are now working on the Leib Island at Buckeye Lake near the village of Millersport.

The Columbus Gas and Fuel company has just finished erecting a derrick on the farm of E. L. Jones.

BLINDED

Were Evansville People by Intense Light of a Meteor Seen There Last Night.

Evansville, Ind., July 28.—A gigantic meteor passed over the city between 9 and 10 o'clock last night and fell several miles from the city. Thousands of people saw the heavenly body, and it made the streets of the city as light as day. Six young women were out horseback riding in the upper part of the city when the meteor suddenly flashed out of the skies, and so blinded them that they leaped from their horses and called for help. C. F. Artes, a prominent businessman and scientific student, who saw it, says it was of a bright greenish color and had a tail from 40 to 50 feet long.

As the meteor passed over Baptistown, a negro suburb of the city, many of the colored people saw it, and thinking the world was coming to an end fell to their knees and began to pray. At a distance of several miles people in the city saw the body fall northeast of the city. When it fell it exploded, making a noise that could be heard for miles. Mr. Artes says it was the largest he ever saw. W. F. Vaughn, a well known lawyer, says he and his wife were seated in a room in their home, with the lights turned out, and when the heavenly body passed over the room was lighted much brighter than electricity could make it. So bright was it that his wife was blinded for several seconds.

There is more Castor in this section of the country than all other districts put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, produced it incurable. Science has proven "Castor" to be a constitutional disease, and therefore, requires constitutional treatment. Hall's Castor Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a tea-spoonful. It acts directly on the blood and the system. They offer One Hundred Dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

(Special to Advocate.)

New Castle, July 28.—Manager Snodgrass responded to the cries of the Newark fans yesterday afternoon and announced to the press box that "Lefty" Snyder would fling for the Newark club in the opener with the Nocks. Snyder did fling and for six long innings he had the Nocks thinking they were in for another runless defeat, as the Molders scored early in the game and they had about adjusted themselves to the impending fate when someone cut the string and Snyder was a candidate for one of those new policies which are just out, insuring balloonists and airship sailors against injury.

It came in the seventh inning. Strange to say there were seven runs scored on seven hits. Some of the players figured that the seven was a new hoodoo but at any rate the local bugs were crazy with delight when the smoke cleared away and they were on "easy street" just right with their seven runs and a game won.

No one seems to be able to explain just how it happened, except that the Nocks, who have been losing with painful regularity during the past few days, suddenly came out of the trance and landed on Snyder's braud of curves when he wasn't looking and the slaughter was awful.

Newark scored in the first frame. It was well that they did, for, although they hit Drake rather freely, only in the first did they come bunched sufficient to net runs. Davis pulled

the cork by lating out a single. Snyder promptly sacrificed, and Schweitzer failed to connect safely. Wratten plucked off the first of his trio of bingles and Danny scampered home from second.

White could not solve Drake's benders and was an easy out. Once after that Snodgrass plucked a single, and at various intervals Wratten and Davis got two more each and that was all the hitting.

Things moved smoothly until somebody soaped the rails in the seventh and Newark slipped and landed hard. With a final dull and sickening thud, they hit bottom, opened their eyes and saw the seven spot hanging on the score board. It was a terrible trouncing, but looked good from a New Castle standpoint. Score:

Notes of Yesterday's Game.
Seven hits.
All in one frame.
Off Lefty Snyder too.
The Snyder experiment didn't work.

Davis and Wratten three hits each. Two singles, with Snyder's sacrifice in the first inning, saved Newark from a shut out.
Wonder if some of the bugs are

satisfied now that Snyder's position is in the outfield.

With the last place yawning before us, is it a good plan to try any experiments, especially on other grounds? There is something wrong with the base running. In this week's game abroad, Newark has failed to make use of their bingles, although they have been plentiful in most games.

A peccol to the Advocate from New Castle this morning says that Lefty Snyder was sent into the box at New Castle Friday because Laddy Linke was unable to work. Linke is in his room at the hotel and the doctor who has been called in the case says that he is threatened with typhoid fever. The physician visited Linke three times Friday and his condition is regarded as serious.

This will cripple the pitching staff considerably. It is probable that Linke will be sent home some time Sunday.

Mansfield was scheduled for a game at Massillon Sunday, but owing to the condition of their pitching staff, the date could not be filled. Manager Snodgrass notified Massillon that he would bring the Newark team to Sharon to fill the date. The agreements were completed and Newark will play in Massillon Sunday.

Akron, O., July 28.—Smoke "Baff" Bluman hit cigars and "Doggie" O'Neil hit stogie.

This is the tribute that has been paid to the local battery by an Akron cigar dealer.

Two new brands of cigars, named after the above two high players of the Tip Tops, have been put on the market. It is this sort of thing, a popular play on the ball players themselves, that particularly induces cigar and stogie buyers.

STETLER'S CLUB BOUGHT MC CRANE

New Castle, Pa., July 28.—The New Castle club has bought a new pitcher, Stetler, from the Akron club for \$5,000.

Stetler, a right-handed pitcher, was born in New Castle, Pa., and played for the Akron club for two years.

STATE NEWS

Storm at Cleveland.
Cleveland, O., July 25.—A tremendous electrical, rain, wind and hail storm broke over the city yesterday afternoon, frightening horses, sending everybody on the streets to shelter, and causing several accidents. During that time immense hailstones and a torrent of rain fell. The wind reached a maximum velocity of 42 miles an hour. Lightning struck in several places, and one death was caused by a bolt which struck the city water works crib in Lake Erie, that of one of the city employees who was at work on the crib at the time.

Severe Storm at Springfield.
Springfield, O., July 25.—One of the most severe electrical, wind, hail and rain storms in the history of this section of the state swept over Springfield. The rain, driven at the rate of 40 miles an hour, fell in torrents, completely blocking city and interurban traffic, and resulting in thousands of dollars' worth of damage to property. Almost a panic was precipitated at the ball park, where the Springfield and South Bend league teams attempted to play. Horses became unmanageable as a result of the pelting hail and ran pell-mell over the diamond.

Newspaper Changes Hands.
Piqua, O., July 25.—The Piqua Call has been sold to A. M. Orr of this city and H. R. Snyder of Marion, who will take charge August 18. The paper was founded in 1833 by John W. Morris, who continued to be its publisher up to the time of his death. The paper will be continued as a Republican organ.

Storekeeper Arrested.
Williamsburg, O., July 25.—William N. Steward, a merchant of Crosson, Brown county, has been arrested at Cincinnati by Assistant State Fire Marshal Ambrose, charged with setting fire to his own store which burned last Tuesday night with its contents, a stock of furniture.

Headless Body Found.
Warren, O., July 25.—Much excitement prevails at Leavittsburg, O., near here, as a result of the finding of the headless body of a man in a berry patch. The head was later found in a nearby field. Both body and head were badly decomposed. In the pockets were found letters showing that the man was Albert Kennedy, of Ellis, Mo. He had recently been living at Mantua, where a brother now resides. Kennedy is known to have had \$300 just before his death. Only 75 cents and a silver watch were found in the pockets of the dead man. Kennedy went West a few weeks ago to sell his farm, and he intended to bring his daughter back to Ohio with him. If his daughter accompanied him, she has disappeared.

McFadden's Appointment.
Columbus, O., July 25.—Governor Harris has appointed Harry McFadden, editor of the Steubenville (O.) Gazette, as a member of the board of state charities.

MARRIED HER AGAIN

New Lexington, O., July 25.—From the same court that granted him a divorce from Rosa Dunn, three months ago, William Dunn of Crooksville, yesterday was granted a license to again marry the woman.

DEATH FOLLOWS SEVERE INJURY

James H. Patton, aged 66 years, died Thursday evening at his home near Rix Mills, from the effects of an accident which befell him on July 19. On that date Mr. Patton fell from the haymow of his barn.

Mr. Patton is survived by his wife and two sons and two daughters. The children are M. P. and Hugh of Rich Hill township, Mrs. Ella Johnson of New York, and Mary of the home.

Funeral services were conducted Saturday afternoon at the Salt Creek U. P. church.

SOCIETY CIRCUS ENDS THIS EVENING

Though Not as Well Patroned as Might Be Desired It Has Been a Success.

The Camels' big "Society Circus" which has been running during the past week, gives its last performance tonight. Although not as successful as might be desired, the venture has been profitable to the order. The high class of entertaining attractions that they have offered have been fully enjoyed and appreciated by every person who attended and ever deserved special mention.

The feature of the week will be the raffle off of the pony and cart, and the trip to Atlantic City, which will take place after the show tonight, and upon which thousands of chances have been sold. The 66th number drawn from the basket of tickets will get the pony and cart, while the next number drawn will entitle the holder to the trip to Atlantic City.

I will be at my office on Saturday, July 25th and on the following Monday, July 26th, and again on Saturday, August 4th. Luchin, Optician, 1611-2 North Park. 7-25dt

STRIKING MOLDERS ISSUE STATEMENT

COLUMBUS WORKERS DECLARE THE FIGHT IS SOLELY UPON THEIR UNION.

Foundrymen are Charged With Misrepresentation—Wages Are Compared.

The strike committee of the Columbus Ironmolders' and Coremakers' Union who have been on strike for some time, have issued through Chairman Edward Ottman a statement tending to show their position in the controversy. The statement charges the foundrymen, especially the Jeffrey Manufacturing company, with attempting to crush the Molders' Union, with denying the right of the molders to organize, and with spreading "false and misleading" reports to discredit the strikers. The statement concludes as follows:

"A comparison of wages paid to molders in foundry centers proves conclusively in our judgment, the justice of our request: Columbus wage rate, \$2.85 10 hours; Cincinnati wage rate, \$3.20 9 hours; Cleveland wage rate, \$3.50 9 hours; Youngstown wage rate, \$3 to 3.50 9 hours; Pittsburgh wage rate, \$3.30 to \$4.50 9 hours.

"A 3 rate and nine hour day prevails in numerous smaller localities throughout the state. Again, we repeat, absolutely nothing aside from the question of wages enters into this controversy through any request or act of the Iron Molders' Union, regardless of the complications that are being injected, from time to time, by the foundrymen."

WESLEY WAITE INJURED AT THE CEDAR STREET CROSSING SATURDAY.

Hit on Shoulder While Walking Near the Track, But Escaped Serious Injury.

A man giving his name as Wesley Waite, and his home as Dayton, Ohio, was painfully injured near the Cedar street crossing of the Panhandle Saturday forenoon.

Mr. Waite was walking near the tracks on the south side as an engine and some cars was backing toward the crossing. Not being aware of the approach of the train he was struck on the right shoulder by the corner of one of the cars. Mr. Waite was thrown for several feet. Workmen happening along at the time assisted him to the shade of a nearby tree when it was found that his injuries consisted only of severe and painful bruises. After sitting in the spot for some time, the injured man took a car, stating that he was going to the B. & O. depot to catch a train out of the city.
